The Association of Representational Artists was formed in 1978 and is considered one of the oldest art organizations in Essex County. It was started as a way for artists to network together, learn new skills and show their work as a group. There are currently more than sixty members of this group. Workshops and classes are conducted through the guidance of professional embers. Each artist is encouraged to develop their own style. The ARA provides members the opportunity to show their artworks and increase the ability to interact with potential buyers. The groups meets once a month and often paint together during the summer months.
